

Professional Line	PROFESSIONAL-IX 3.0
Identification number.:	00.14602.300000: 0 ... 20 mA 00.14602.300004: 4 ... 20 mA 00.14602.300007: Frequency • 0 ... 500 Hz = 0 ... 50 m / s
Measuring ranges:	0.4 ... 50 m / s
Accuracy:	± 2% FS at 0.4 ... 50 m / s
Resolution:	<0.1 m / s
Starting value:	0.4 m / s
Exit:	0 (4) ... 20 mA
Areas of application:	Temperatures -40 ... + 70 ° C heated • Velocities 0 ... 60 m / s • Air humidity 0 ... 100% r. F.
Supply voltage:	Sensor 24 (20 ... 28) VDC • heating 24 VDC • 125 W
Measuring elements:	specially coated • 3-armed cup star - aluminum
Measuring principle:	contactless • Hall sensor array
Dimensions:	Wind speed: Cup star Ø 218 mm - H 241 mm
Casing:	seawater-resistant aluminum • specially coated • IP 65 in vertical position of use
Weight:	approx. 0.8 kg
Accessories (order separately):	Identification number. 32.14601.060000 15 m cable, one-sided with plug Ident-No. 32.14567.0060000 mast adapter Ø 50 mm Ident-No. 32.14567.010000 traverse
